1.5 Cubic Foot Bag ENSORB® Granular Absorbent, White

SKU: ENP D225

Description

ENSORB® is a highly efficient granular absorbent that is lightweight, environmentally friendly, and landfill safe.

- Low disposal costs
- Great for use in [spill kits](#)
- 15 to 20 times the absorption capacity of clay-based products
- Virtually unlimited uses as a dry absorbent that is safe in all applications
- Picks up all liquids, any viscosity and off any hard surface, leaving that surface clean and dry
- Turns the spilled liquid into a solid that can be disposed of easily
- Expanded perlite fines are useful in solidifying sludges because they absorb a high percentage of liquid while adding minimal weight
- Lightweight and simple to use, it dramatically reduces cleanup costs, as well as the ever-increasing costs of disposal
- Non-biodegradable and is environmentally safe and friendly
- Not injurious to soil, cement, asphalt, tile, plants, animals, or humans
- Contains no reactive chemicals, is non-toxic or flammable
- ENSORB® is slip resistant by drying the surface to avoid any slip and fall accidents
- No secondary cleaning afterward

Not compatible with hydrofluoric acid
